Vaccination Appointment Guide

The District of Columbia Department of Health (DC Health) continues to make progress with our COVID-19 vaccine distribution planning. We are working with the federal government and local partners within the District to plan for the distribution of the COVID-19 vaccine as doses become available.

To receive the vaccine, you must pre-register for an appointment. If you have not pre-registered yet, please do so by going to vaccinate.dc.gov.

Please use this guide to help make an appointment online.

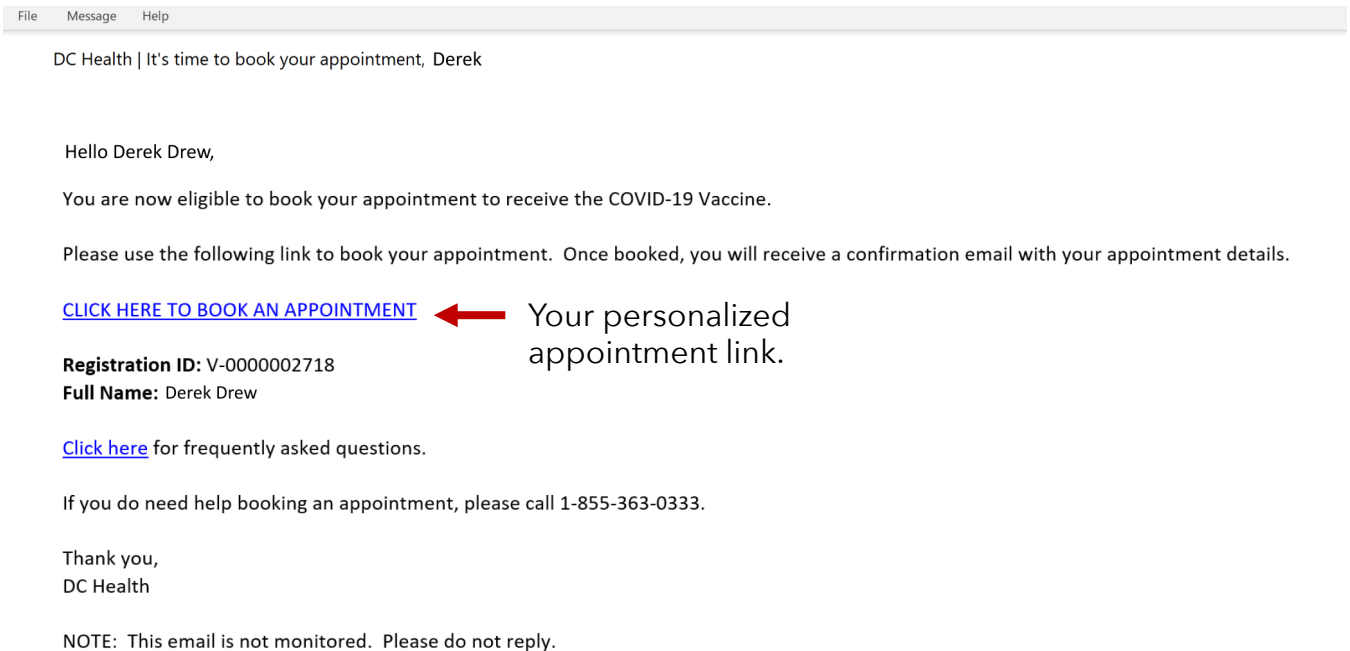

If you are unable to navigate the online vaccine appointment portal or do not have internet access, please call the District's call center at **855-363-0333** for assistance.

1. Invitation Email

When appointments become available, we will contact selected eligible individuals through their preferred communication method.

From email you will see a link to book your appointment.
Click that link.

If you are not selected, you will not have to pre-register again, your information is stored for future appointments based on eligibility.

2. Enter your date of birth.

Click Submit.

3. Find a location. On this page, choose a vaccination location that works for you by clicking **Book Appointment** under the desired location.

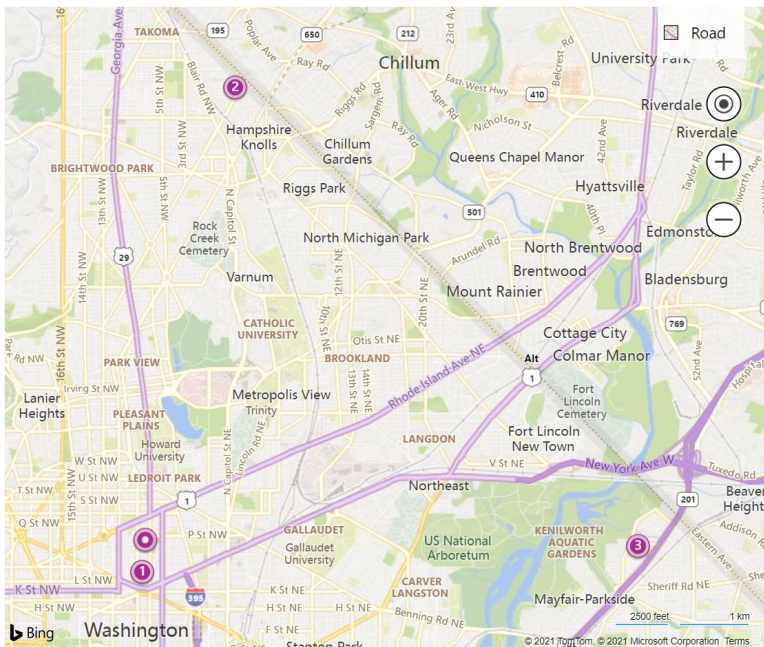

Do not use the browser back button.

If centers are not available, please sign up to [be alerted when more appointments are available](#).

Covid-19 vaccinations will be made available in phases to ensure those populations most at risk are prioritized. Based upon your current status, you are currently eligible to schedule your appointment for vaccination. Please select a COVID Vaccination Location by clicking on the name from the list below.
